PROFESSIONAL SUMMARY

HNDIT graduate and MERN stack developer with hands-on experience building full-stack applications with real-time features (Socket.io), JWT-secured RESTful APIs, and cloud storage (MongoDB Atlas, Cloudinary). Completed a 6-month Banking Operations training at Bank of Ceylon and currently working as a Web Development Intern at Ignite Media Vision (Pvt) Ltd, building WordPress websites with HTML, CSS, JavaScript, and PHP. Skilled in responsive React.js UIs, Figma design, and basic SEO.

EDUCATION

Higher National Diploma in Information Technology (HNDIT) *2024 – 2026*
Advanced Technological Institute (ATI) – Dehiwala, SLIATE

Advanced Level — Bio Systems Technology *2020 – 2022*
Puttalam Zahira National College

INTERNSHIP & TRAINING

Web Development Intern *Sep 2026 – Mar 2027 · 6 Months*
Ignite Media Vision (Pvt) Ltd, Colombo

- Developing and customizing WordPress websites using HTML, CSS, JavaScript, and PHP, along with page builders, to deliver responsive, client-ready web solutions.

School Leaver Training — Banking Operations *2024 · 6 Months*
Bank of Ceylon (BOC), Puttalam Branch

- Gained hands-on exposure to core banking operations, customer service workflows, and data management, building accuracy, confidentiality, teamwork, and time management while supporting IT-related administrative processes in a regulated institution.

TECHNICAL SKILLS

- Frontend: HTML5, CSS3, JavaScript, XML, Bootstrap 5, React.js
- Backend: Node.js, Express.js, JWT Authentication, bcrypt, Socket.io (real-time features)
- Languages: Java, JavaScript, C#, PHP,CSS,Pyton
- CMS & Web Development: WordPress, Page Builders, Custom Coding (HTML, CSS, JavaScript, PHP)
- Databases: MongoDB Atlas, MySQL
- Tools & Cloud: Git, GitHub, Figma, Adobe Photoshop, Cloudinary, Leaflet/OpenStreetMap
- Marketing: Off-Page SEO, Backlink Building, Search Engine Optimization
- Spoken Languages: Tamil (Native) · English (Intermediate) · Sinhala (Intermediate)

PROJECTS

MealBridge — Food Donation & Redistribution System (MERN Stack) *2026*

- Architected a full-stack platform with 9 MongoDB collections connecting food donors with recipients, featuring real-time chat and notifications via Socket.io and live GPS donation tracking with Leaflet/OpenStreetMap.
- Built secure RESTful APIs with Node.js and Express.js; implemented JWT authentication and Cloudinary-based image uploads for donation listings.
- Designed a gamification/points system to drive donor engagement, plus automated PDF receipt generation using PDFKit.
- Developed a fully responsive React.js frontend and an end-to-end Cypress test suite to validate core user flows.

MockMate — AI-Powered Mock Interview Platform (MERN Stack) *2026*

- Built a full-stack interview practice platform integrating the Anthropic Claude API for category-based question generation and real-time AI answer evaluation.
- Implemented voice-based answer input using the Web Speech API, with countdown timers and automated interview flow management.
- Built secure JWT authentication and RESTful APIs with Node.js, Express.js, and MongoDB Atlas.
- Designed a responsive React.js interface with performance dashboards, interview history tracking, and animated score visualization for progress feedback.

Food Ordering Platform with Database *2025*

HTML · CSS · JavaScript · MySQL

- Built a dynamic food ordering system integrated with MySQL for live menu management, order placement, and order history tracking.

Inventory Management System *2025*

Java · MySQL

- Developed a desktop application for stock and product management with full CRUD operations and relational database integration.

Tour & Travel Website *2024*

HTML · CSS · JavaScript

- Designed a fully responsive, multi-page travel website with smooth navigation, custom UI components, a destination showcase, and a mobile-first layout.

Ice Cream Shop Management System *2024*

Java · MySQL

- Created an order, billing, and inventory management application with seamless database-backed transaction handling.

Cafe Management System *2024*

Java · MySQL

- Built a comprehensive cafe management application covering order processing, billing, menu management, and inventory tracking.

CERTIFICATIONS

- Web Design for Beginners — University of Moratuwa, 2025
- User Interface Design with Figma — Alison, 2025
- Introduction to Modern AI — Cisco Networking Academy, 2026
- AI for Beginners – HP life, 2026
- Introduction to Python – Saylor University,2026
- Python 101 for Data Science – Cognitive Class,2026

CORE COMPETENCIES

Problem-Solving · Analytical Thinking · Team Collaboration · Adaptability · Effective Communication · Quick Learner · Attention to Detail
